Cingol 3.0 Smart Operation System

-Self-diagnostic detection system.
-Shock-resistant function.
-Clean up chair position, one touch to turn off the light, the chair then raises to the highest position and the spittoon will flush automatically.
-Safety emergency stop, first-aid chair position.
-Interlock system, when a handpiece or scaler is being used, chair movement (up, down, back, forward) is locked.

C-LINK Touch-Screen System

The C-link touch screen system has the built-in functions of electronic micromotor control, memory positions, air pressure and chair movement.

Autocup
When a cup is placed under the spout,it automatically fills.

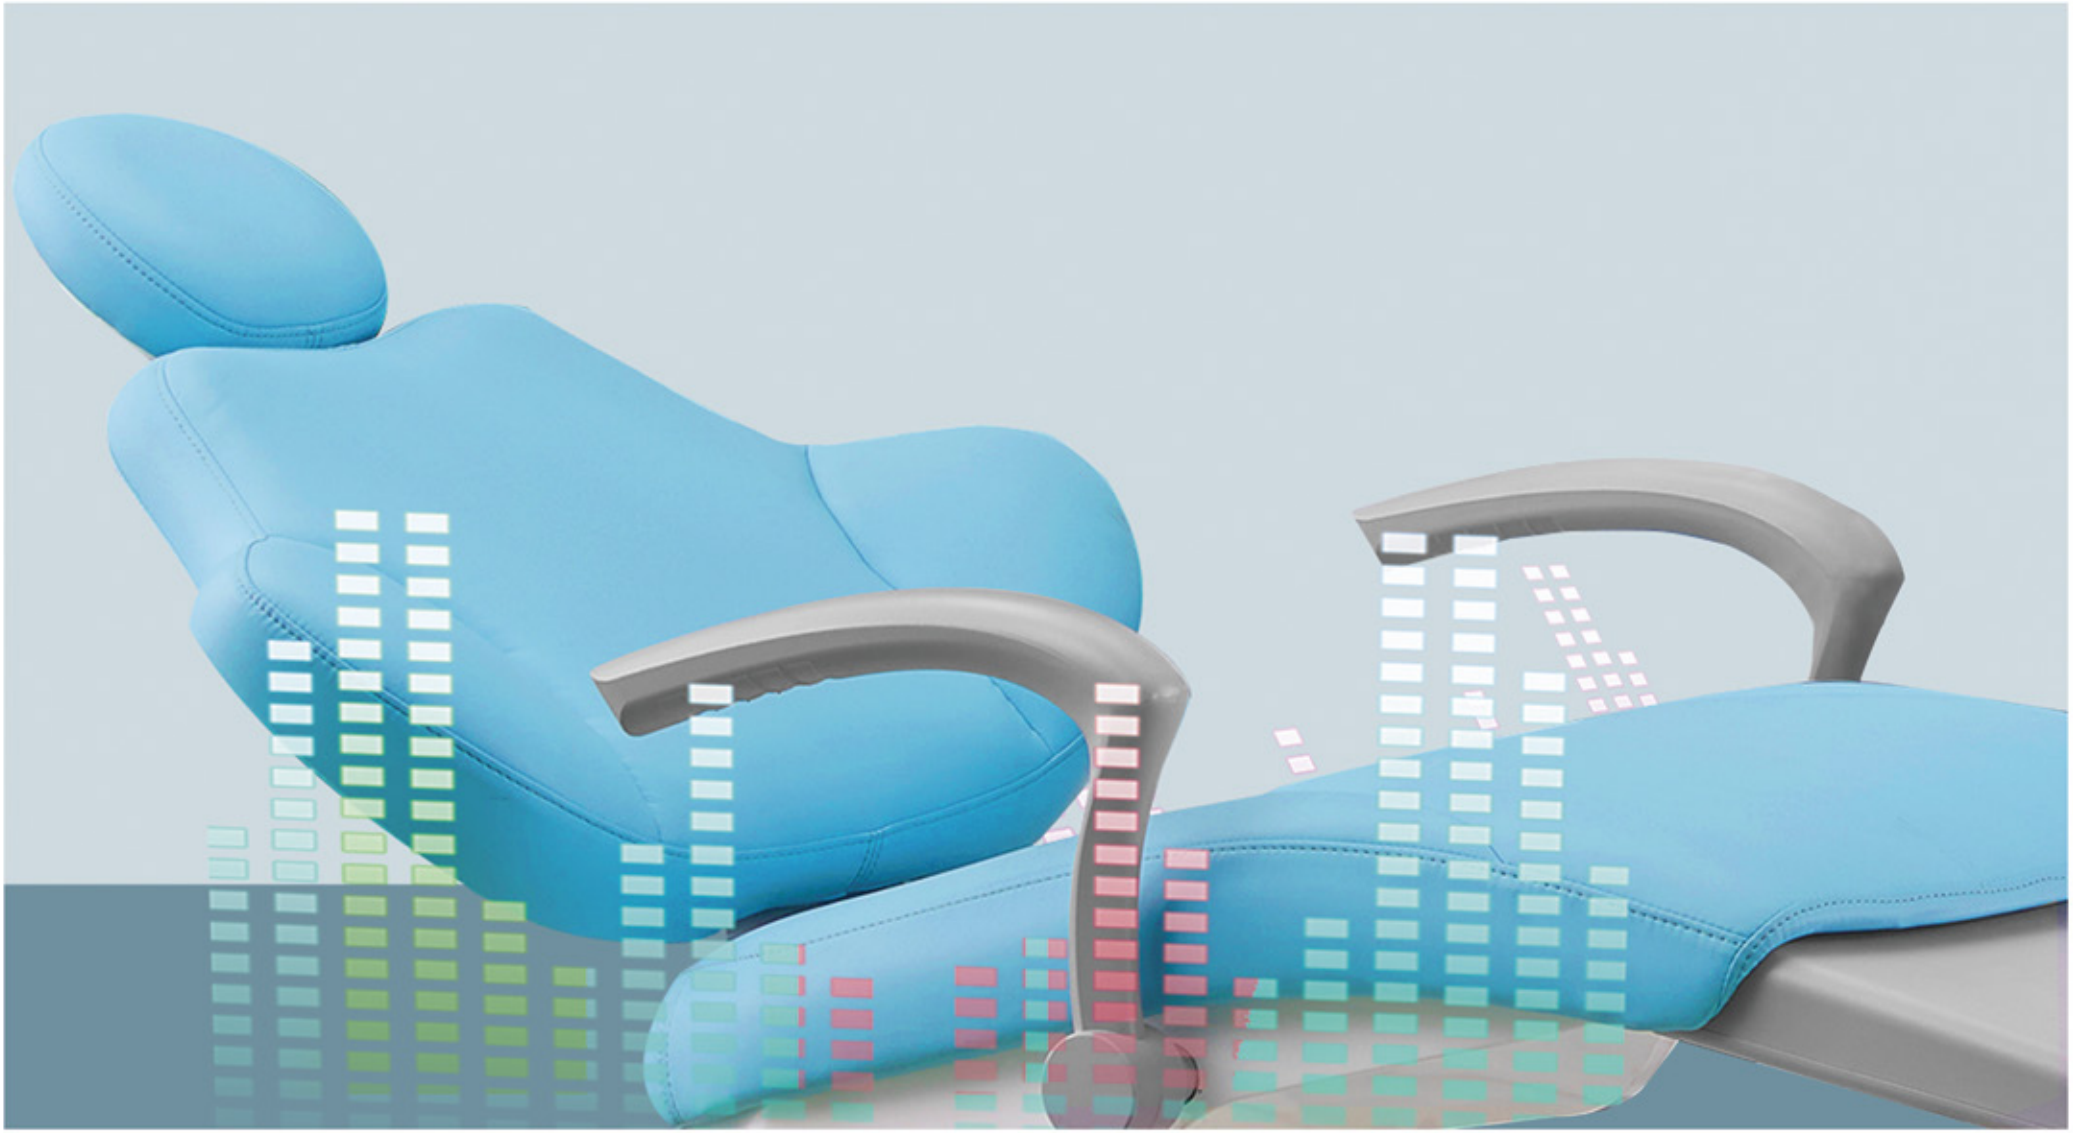

Alarm Button
For patients to attract the attention of the dentist.

Comfortable for the patients.

Bluetooth music function.

The upholstery is fibre leather with high density memory foam.

Excellent Ergonomic Upholstery

Ergonomically designed upholstery

-Automatic seat positioning for spittoon use.
-Water temperature adjustable for all handpiece tubes.
-The thin backrest gives more room for the dentist to move around and operate.

Metal backrest 70 degrees sidebox rotation
Detachable backrest for easy cushion replacement.

Touch sense assistant tray
2 drawers for disposables

Easy to remove and replace

Top-mounted dentist's tray

Ti-alloy handpiece tubing connector

Elegant design

-9 memory programs.
-Rotatable 6 rack handpiece holder.
-Digital display of air pressure, stop watch and water temperature.

Hygiene and Disinfection

-Detachable sidebox cover, easy for maintenance.

-One touch spittoon cleaning and smart disinfection.

Hose disinfection protects dentists and patients from cross infection. Built in double bottle water supply system for distilled and disinfected water. The water is poured into the bottles from the top of the sidebox. Easy to use. Two built-in disinfecting bottles design ensures fast flushing of the handpieces after disinfection.

The automatic ASTER system, which is controlled by one button, provides disinfection for all handpiece hoses and suction hoses.

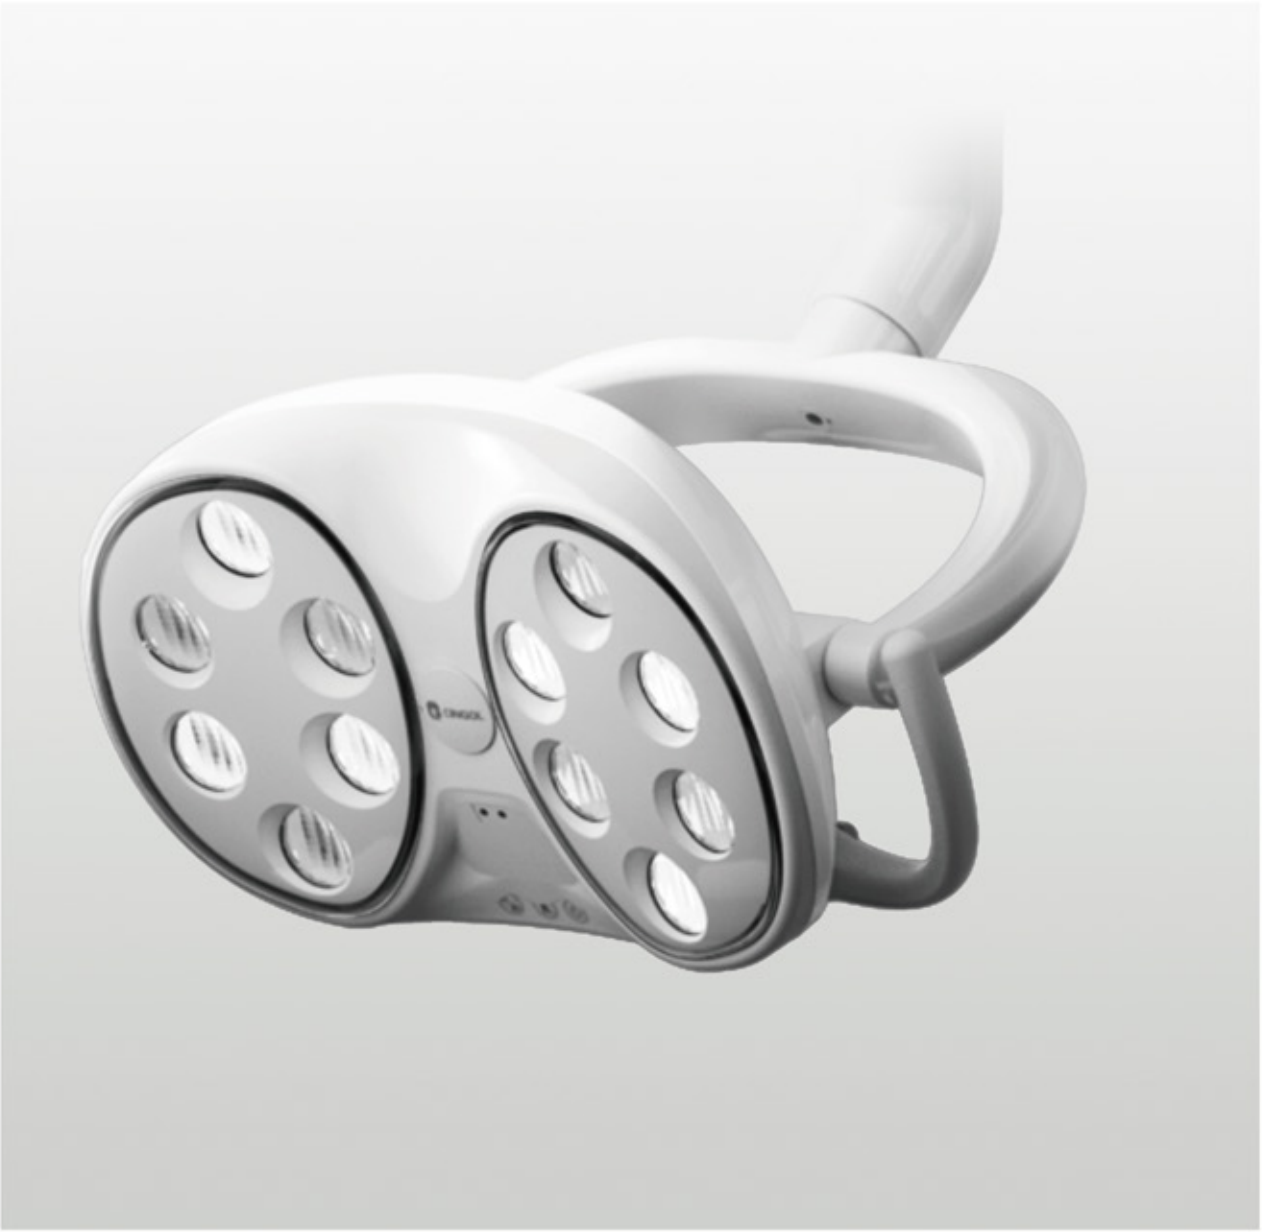

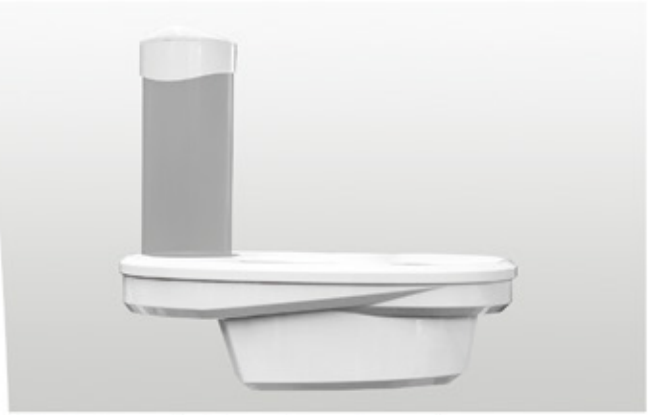

Easy to access suction line filters. The spittoon has one button disinfection and is detachable.
